FALL 1951

Price List

SPRING 1952

HOME NURSERY and GARDENS, CUBA, KANSAS

We have the following stock to offer to the trade. After a unusual wet summer some of these items will be scarce, we suggest you place order as early as possible, we can then reserve stock for delivery. Fall shipping season starts as soon as stock is dormant, about last of September thru October, spring as soon as frost is out of ground on all shrubs and forest trees. We do not recommend planting evergreen stock after October 30th in fall or too early in spring as frosts and cold winds are very hard on these when transplanted. All evergreen stock dug fresh same day shipped, they cannot be kept in storage successfully for any length of time, all roots puddled in mud and moss, packed immediately as dug.

All trees, shrubs, etc., priced by hundred, if smaller quantities are wanted, order in even numbers as 25, 50, or 75, less than 25 add 1c per tree except where priced ea. or 10's.

All prices prepaid mail express or delivered except where noted.

Priced 100 rate where 3,000 and over are ordered we quote special price.

Where orders are large enough or clubbed in, we deliver full loads at no extra charge. For ornamental evergreens write for prices and selection. All orders received now for spring will be reserved.

EVERGREENS

Evergreens have been our speciality for the past 20 years growing especially for windbreak purposes reforestation and for lining out for growing on. All our evergreens are once transplanted or more as to size therefore have excellent root system. As evergreen planting stock cannot be in storage for any length of time we suggest you allow a few days to fill your order during the spring rush season if trees are to be called for notify us a few days ahead of time so trees can be ready when called for as many times it is impossible to dig trees on all orders on short notice.

RED CEDAR JUNIPER VIRGINIA heavy field —Transplanted superior platt or western type. Stock T is years in field.

18 TO 24 HEAVY WITH BALL OF SOIL. This is the most popular size for quick results. Have sold thousands of this size in the past 15 years with wonderful results and have repeat orders year after year. These are taken up with small ball of earth clinging well to the fibrous roots. Weight about 6 to 10 lb. ea. These we ship express F. O. B. Cuba. About 4 to 5 hundred can be hauled in a ½-ton pick-up.

At 40c each. 35.00 a 100 300 and up at 30c each
3 to 4½ foot specimens from 1.00 to 2.00 each

POTTED RED CEDAR. These will run 10 to 15 inches tall in paper pots and bands well established and growing, handling in this way 100% livability is insured and can be planted any time of the year. Orders for these must be in by November 1st for spring delivery as these must be potted thru October and early November, then grown in cold frames for spring and summer delivery. Shipped Express, F. O. B., Cuba, Kansas.

22c ea. 20.00 a 100 300 and over at 19c ea.

RED CEDAR SEEDLINGS. Grown in beds, not transplanted, grown not close, therefore are good heavy stock, well rooted, good trees at price. Will transplant well under favorable conditions or line out in protected place and plant to field or open place after 1 season.

6 to 10 in.	5.00 a 100	40.00 a 1,000	
10 to 16 in.	7.00 a 100	60.00 a 1,000	Prepaid

CHINESE ARBORVITAE. We have a very nice block of these to offer. Grown from seed collected on trees here in northern Kansas, are hardy, fast growing and will stand more dry conditions than most evergreens. Compact foliage, very easily transplanted.
